

CHÂTEAU VIRANEL
FÛTS DE CHÊNE
Saint Chinian

Almost two thirds Syrah, with the balance in Grenache, this wine positively vibrates with Mediterranean flavours. There is perhaps more affinity with the wines of the northern Rhone than one might expect in a wine from this far south. The flavours are well-defined, and show a northern balance and restraint. The smoky aromatics of the Syrah are subtle and accented nicely by the red fruit and olive generosity of the Grenache. The wood marries the two with a discreet touch of vanilla.
