

# FATTORIA SELVAPIANA

*(Chianti Rufina)*

**A**n excellent wine which captures the fine quality of the vintage while maintaining the traditional characteristics of earthy dry Chianti. In other words, a wonderful old-style Chianti that hasn't been softened by new oak or plumped by the addition of Cabernet.

There's a full aromatic cherry and cedar quality with the fine dry minerally quality of the Rufina zone of Chianti. Selvapiana is a heavenly food wine with potential to match simple roasts and the full variety of pasta dishes.
