

## CHAMPAGNE EGLY-OURIET LES VIGNES DE VRIGNY NV

It's unusual enough to find a Champagne made from 100% Pinot Meunier, the least well-known of the area's varietals, (the others being Chardonnay and Pinot Noir). But it's unheard of for such a wine to receive the highest score possible from France's most prestigious wine magazine, the Revue du Vin de France. This is what Egly-Ouriet have achieved. The magazine has this to say: **“\*\*\*\*\* A great cuvee worthy of the domain's reputation, with fine roasted notes on the nose, breadth, vinosity, and length. The bubbles are perfectly integrated and the dosage is ideal; 3 years in the cellar and no filtration have made it a definitive success.”**

## CHAMPAGNE EGLY-OURIET LES VIGNES DE VRIGNY NV

It's unusual enough to find a Champagne made from **100% Pinot Meunier**, the least well-known of the area's varietals, (the others being Chardonnay and Pinot Noir). But it's unheard of for such a wine to receive the highest score possible (five stars) from France's most prestigious wine magazine, the Revue du Vin de France. This is what Egly-Ouriet have achieved. The magazine has this to say:

**“\*\*\*\*\* A great cuvee worthy of the domain's reputation, with fine roasted notes on the nose, breadth, vinosity, and length. The bubbles are perfectly integrated and the dosage is ideal; 3 years in the cellar and no filtration have made it a definitive success.”**
