

**CHANDON DE BRIAILLES
PERNAND-VERGELESSES
“ILE DES VERGELESSES”**

Two determined women, Nadine de Nicolay and her daughter Claude, have revitalized this once somnolent domaine. Within Pernand-Vergelesse, the Ile des Vergelesse is a premier cru known for the finesse and intensity of its aromatics, perhaps the result of its strongly limestone soil. Typical of the estate, this wine is not deeply coloured or overly extracted. But it is absolutely complete, with silky tannins and spicy red fruit. It is consistently one of the most satisfying glasses of red burgundy for the money anywhere.
