

**LAMÉ DELISLE BOUCARD**  
**BOURGUEIL**  
**‘CUVÉE DES CHESNAIES’**

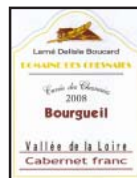

Serve lightly chilled for the full effect: beautiful Cabernet Franc fruit in an exuberant style, with just enough tannin to let you know this is not Beaujolais. In France this is called a ‘vin de soif’, or a wine to quench your thirst. And that’s a very good thing indeed... Although the Boucard family are famous for their ‘vins de garde’, or wines to cellar, we have made this bottle our house wine.
