

# Anima Sana

Comment

*This is our frizzante wine, born from a meeting with a German friend who helped me to produce what I always dreamt about... a wine nose, Gascogne aromas, with light bubbles.*

To produce environmentally friendly products is our ethics. This is why we named our frizzante cuvée: Anima Sana (Sain mind).

## Appellation

IGP Côtes de Gascogne

## Tasting notes

- Nose : Citruses, White fruits, Exotic fruits
- Palate : lively attack, fine bubbles which line the palate

## ABV

11.5%

## Grape Varieties

Sauvignon, Gros-manseng, Ugni Blanc, Colombard.

## Food and Wine Pairings

Should be served at 8° with your festive moments. This is a brut frizzante wine which goes very well with savoury and sweet dishes.

## Conditionning

75 cl white bottle. Cork having a hood. This wine does not have enough gas to allow the cork escaping: this is not a sparkling !
