

## **Domaine Saladin** **HAUT BRISSAN**

An historic family plot, the 'lieu-dit' of Haut Brissan is located on the highest plateau above the village of Saint Marcel d'Ardèche. Neglected for an extended period, this rocky soil had been abandoned as too difficult to farm. It took determination, hard work and a horse for Louis Saladin, his father, Henri, and grandfather, Paul, to bring this forgotten land back to life. It's organic, hand-picked, and absolutely unique. Aged in cement tanks. 100% old vine Grenache Noir.
