

CA' LA BIONDA CASAL VEGRI

VALPOLICELLA CLASSICO SUPERIORE

Wow! Profound and delicious. This single vineyard has a privileged aspect and a rocky limestone clay soil. Combined they give wine of rare elegance and freshness. To keep those qualities the family doesn't use the ripasso technique to enrich the wine. They prefer that the site speaks unimpeded. More than fruitiness or density they are looking for a sense of place. 70% Corvina, 20% Corvinone, 10% Rondinella and other native grapes.
