

JO LANDRON LE FIEF DU BREIL

MUSCADET DE SÈVRE ET MAINE

A great Muscadet! Yes, there are great Muscadets—produced in small quantities by vigneron who show the same or greater dedication as their brethren in Burgundy. And for a fraction of the financial reward. Jo Landron is an avid believer in organic farming. Here he takes the fruit of his best vineyard, and babies it from vine to bottle. The wine? Rich but refreshing, with salt-tinged fruit and an elusive stoniness.
