

CRU VACQUEYRAS

Seigneur de Fontimple's name comes from an historic part of the appellation. It epitomises the diversity of Cru Vacqueyras' terroir. The original seigneur, or lord, who loved fine wine, decided one day to plant a vine on his land. He was delighted to discover the extraordinary elegance and silkiness of the wine made from it. The wines of Seigneur de Fontimple soon made a name for themselves thanks to their incredible finesse and suave texture.

Grape varieties

Viognier, Grenache blanc, Bourboulenc, Clairette, Roussanne & Marsanne.

Terroir

Cru Vacqueyras is a blend of wines from various parts of the appellation with different terroirs : soils with river stones on the surface, zaffer, and deep clay.

Winemaking & Ageing Methods

Our vineyard management and winemaking methods, handed down through several generations, make the very most of the Vacqueyras terroir. The grapes are brought to the winery in the cool of the early-morning and undergo skin contact at 10°C to extract all the fresh fruit flavours and roundness. The wine is then aged on its lees to retain maximum freshness.

Tasting notes

The intense bouquet has delicate white flower overtones and hints of dried fruit. The wine is round, elegant, and full-bodied on the palate, with plenty of character.

Sommelier's suggestions

This wine makes an ideal aperitif, as well as a good accompaniment to fish in beurre blanc sauce, trout meunière, or shellfish.
Serve chilled, but not iced : 8 - 12°C. Best enjoyed young.

SEIGNEUR DE
FONTIMPLE

CRU VACQUEYRAS

Annual production

10.000 cartons

Awards*

2015 Médaille d'Argent Concours des vins d'Avignon 2016

Commitment

The Rhonéa artisan winegrowers have enshrined their commitment to protecting their region and enhancing its development by signing «Vignerons Développement Durable» Charter and by producing ethically-made fair trade wines that meet the needs of today's winegrowers without comprising those of future generations. This commitment to sustainable development focuses on three main priorities: the environment, society, and the economy.

Here are a few examples of our actions: preserving the countryside, protecting our terroir, using sustainable agricultural methods, recycling waste, optimising packaging, contributing to the local economy, making long-term investments, etc.
