

CA' LA BIONDA
VALPOLICELLA CLASSICO SUPERIORE
'RAVAZZOL'

Ca La Bionda are one of the few wineries in Valpolicella taking a Piedmontese or Burgundian approach to their vineyards. Their aim is to express the unique characteristics of the land, rather than make something simple and fruity blended from disparate parcels. They consider the hillside Ravazzol to be a great vineyard. The soil is mainly limestone clay and this lends a distinct minerality and freshness to this complex, full-bodied red. 70% Corvina, 25% Rondinella, 5% mixed varieties.
